HIGH CLASS BARRED PLYMOUTH ROCKS EGGS FOR SETTING AT ONE HALF PRICE

On the account of not being prepared to take
care of the large amount of eggs that I am now
getting from my poultry which is about twelve
hundred to fifteen hundred eggs monthly, and I

am only prepared to take
care of five hundred every
twenty one days, in my in-
cubators, so, I concluded to
offer these eggs from High
Class Birds, to parties near
home rather than to adver-
tise them in papers out of
my own State at a remark-
ably low price of seventy-
five cents per setting of
fifteen, delivered at the fol-
lowing places in Crittenden
and Livingston counties.

MARION, TOLU, SHERIDAN, SHADY GROVE, SALEM,
CARRSVILLE, SMITHLAND, PINKNEYVILLE, LOLA
AND HAMPTON.

The above price is hardly one half of what
these eggs would cost you should you purchase
them from poultry people in other states who have
the full blood, and if I was prepared to take care
of them all, not a penny less than one dollar and
twenty-five cents would buy them. I would
be pleased to have any one call and investigate
my stock, if they so desire to see for themselves
whether I have what I claim in this line or not.

ILLINOIS CORN GROWER WINS W. K. KELLOGG NATIONAL TROPHY

R. A. James of Charleston, Ill., is the 1910 Winner of the
\$1,000 cup—Grows Best Ear in the 3,125,713,600
Bushels of Last Year's Bumper Crop

Form 4
R. A. James, Winner of W. K. Kellogg Trophy, with the Trophy
and the 1910 Champion Ear

R. A. James, of Charleston,
Ill., has the proud distinction of
having grown the best ear of
corn in all the 3,125,713,600 bu-
shels of last year's bumper crop.
At the National Corn Show just
held in Columbus, Ohio, this
gentleman was awarded the W.
K. Kellogg National Corn Trophy,
donated in 1909 by W. K. Kellogg,
president of the Kellogg Toast-

very correct type of yellow corn.
Mr. James, the winner, is a
vigorous farmer about 40 years
of age and of pleasing personality
a man who has given careful
study to corn culture, and who
has achieved his success as a
champion winner only by years
of hard work and painstaking
seed selection and careful breed-
ing from season to season.

Illinois growers are especially
elated over the result for the
reason that this is the first time
in four years that the honors
have been wrested from the state
of Indiana. Last year's cham-
pion ear, the first winner of the
Kellogg trophy, was grown by
Mr. Fred C. Palm, of Newtown,
Ind. It was also of Reid's

Corn Trophy
ed Corn Flake Co., of Battle
Creek, Mich.

Thousands of ears of corn from
all parts of the country and of all
varieties were entered in the
competition. The selection of the
grand champion Sweepstakes and
the award of the Kellogg trophy
were made on general points of
superiority.

The ear of corn grown by Mr.

James is of Reid's Yellow Dent
variety. It is 10 inches long,
7 1-2 inches in circumference,
and has 20 rows of kernels, 6 to
the inch in the row, average 5-8
of an inch in depth and 5-16 of
an inch in width. It is indeed a

Yellow Dent variety, crossed
with Alexander Cold Standard.
Last year's prize winner is the
most perfectly formed ear of the
two, though it requires a careful
judge to distinguish the points
of superiority.

The trophy awarded to Mr.
James was made by Tiffany, of
New York, for Mr. W. K. Kellogg
at a cost of \$1,000. It is made
Sterling silver, bronze and enam-
els, and is a truly artistic creation.
It stands 30 inches in height.
Mr. Kellogg's interest in corn
growing can be understood when
it is stated that the Kellogg
Toasted Corn Flake Co., of which
he is president, has an output
requiring 10,000 bushels of corn
a day, raw product, for its man-
ufacture. A peculiar feature is
that while the Kellogg product
is made exclusively from selected
white corn, the Kellogg trophy
has been won each time by a
yellow exhibit. The trophy is
offered for annual competition
until won twice by the same
grower.

The National Corn Show at
which the award was made, was
an event of tremendous mag-
nitude. At one of the sessions
President Taft was present and
delivered an address.

"Lame Leg Well"

"I wish to
say that I
have used
Sloan's Lin-
iment on a
lame leg that
has given me much trouble for six
months. It was so bad that I
couldn't walk sometimes for a
week. I tried doctors' medicine
and had a rubber bandage for my
leg, and bought everything that I
heard of, but they all did me no
good, until at last I was persuaded
to try Sloan's Liniment. The first
application helped it, and in two
weeks my leg was well."—A. L.
HUNTER, of Hunter, Ala.

PINK EYE GERMS

Breaking into Elite Society, Taft Heads List.

Have you got the pink-eye?
If you have, you are in fashion
If you haven't, you are liable to
have it, if these March winds keep
blowing the dust about the city.
When the April showers follow
the March winds and wash the
spring dust, the pink-eye germs
go into summer quarters and hi-
bernate until spring.

President Taft is afflicted with
pink-eye, United States Senator
LaFollette recently underwent
treatment for pink-eye. There
is said to be an epidemic of pink-
eye among notables in Washing-
ton and New York.

There are many cases of pink-
eye in St. Louis, and these strong
winds are blowing constantly in-
creasing number of oculists daily.
Few cases were reported until the
strong winds of the last few days
set the germs in motion.—St.
Louis Post Dispatch.
